

EXTENSION OF AUTHORISATION FOR A MINOR USE OF A PLANT PROTECTION PRODUCT

PLANT PROTECTION PRODUCTS REGULATION (EC) No. 1107/2009

Product name: Flexidor

Active ingredient: 500 g / l isoxaben

MAPP number: 18042

Product authorisation holder: Dow AgroSciences Limited (Registered Company no. 2381612)

Marketing company: Landseer Limited

This Extension of authorisation ends: on the final expiry date of use for the authorised product (unless otherwise stated)

If the authorisation of the above product is withdrawn or amended before the end date above, this Extension of authorisation will end on the same date as the authorisation for the product. This Extension of authorisation will be withdrawn or amended before its end date if a decision is taken to withdraw or amend this Extension of authorisation under Regulation (EC) No 1107/2009 on any other grounds.

Extent of authorisation: United Kingdom

This extension of authorisation for minor uses applies to all UK parallel trade products issued under Article 52 of Regulation (EC) No 1107/2009 for which Flexidor with MAPP 18042 is the reference product.

A rectangular box containing a digital signature. At the top, it reads "Alison Richardson Wednesday, 10 January, 2018" and "Health & Safety Executive" with a small yellow question mark icon to the right. Below the text is a stylized, handwritten signature in grey ink.

HSE Digital Signature

This and the attached Appendices 1 and 2 are signed by the Health and Safety Executive ("HSE") for and on behalf of the Secretary of State, the Welsh Ministers,

the Scottish Ministers and the Department of Agriculture, Environment and Rural Affairs in Northern Ireland.

Date of issue: 5 January 2018

EXPLANATORY NOTES

1. This is Extension of authorisation number 0011 of 2018.
2. This Extension of authorisation will be published on the website of the Chemicals Regulation Division of the HSE.
3. Application reference number: COP 2017/01157
4. Persons using the product to which this Extension of authorisation applies should acquaint themselves with and observe all requirements contained in the Regulation (EC) No 1107/2009, including the duty on the holder of any Extension of authorisation to notify information on potentially dangerous effects, a contravention of which is a criminal offence under those Regulations.
5. Neither the efficacy nor the phytotoxicity of the product for which this Extension of authorisation has been granted has been assessed and, as such, the user bears the risk in respect of failures concerning its efficacy and phytotoxicity.

ADVISORY INFORMATION

This Extension of Authorisation relates to the use of 'Flexidor' (M18042) for use on almond, chestnut, hazelnut and walnut trees. To be applied by conventional hydraulic sprayer (including air assisted hydraulic sprayers) with a maximum total dose of 0.5 litres product per hectare (maximum individual dose 0.5 litres per hectare) in a minimum water volume of 200 litres water per hectare.

IMPORTANT: When applying this product under the terms of this Extension of Authorisation, comply with any resistance guidance or restrictions stated on the product label.

Total reliance on one pesticide will hasten the development of resistance. Pesticides of different chemical types or alternative control measures should be included in the planned programme. Alternating with different modes of action is a recognised anti-resistance strategy.

This Extension of Authorisation relates to the use of 'Flexidor' (M18042) for the control of cleavers, Charlock Ivy-leaved speedwell, Common chickweed, Common field-speedwell, Parsley-piert, Common fumitory, Pineapple weed, Common hemp-nettle, Red dead-nettle, Common mouse-ear, Redshank, Common poppy, Scarlet pimpernel, Corn marigold, Scented mayweed, Corn spurrey, Scentless mayweed, Fat-hen, Shepherd's-purse, Field forget-me-not, Small nettle, Field pansy, Volunteer rape, Green field-speedwell, Wild radish and to improve control of knotgrass and groundsel.

APPENDIX 1: CONDITIONS OF EXTENSION OF AUTHORISATION

The conditions below are obligatory. They must be complied with when the Extension of authorisation occurs. Failure to comply with the following conditions will result in the withdrawal or amendment of the Extension of authorisation under Regulation (EC) No 1107/2009 and may result in other enforcement action, including prosecution. For the purposes of this Extension of authorisation only, the conditions and/or requirements shown below supersede any corresponding conditions and/or requirements set out on the label or otherwise provided for under the product authorisation **which would otherwise apply**.

Use:

Field of use: **ONLY AS A HERBICIDE**

User: Professional

Crops/situations:	Maximum individual dose: (litres product / ha)	Maximum total dose: (litres product / ha / year)	Maximum number of treatments:	Latest time of application:
Almond, chestnut, hazelnut, walnut	0.5	0.5	-	Before 1st April in year of harvest

Operator Protection:

- (1) Engineering control of operator exposure must be used where reasonably practicable in addition to the following personal protective equipment:
 - (a) Operators must wear suitable protective gloves when handling the concentrate or handling contaminated surfaces.
 - (b) Operators must wear suitable protective clothing (coveralls) and suitable protective gloves when applying by hand-held equipment.
- (2) However, engineering controls may replace personal protective equipment if a COSHH assessment shows that they provide an equal or higher standard of protection.

Other specific restrictions:

- (1) This product must only be applied in accordance with the terms of this extension of authorisation, the

product label and/or leaflet and any additional guidance on extensions of authorisation.

- (2) A period of at least 180 days must be observed prior to planting of succeeding crops following treatment of the plot with 'Flexidor' or any other product containing the active substance isoxaben.

APPENDIX 2: GENERAL CONDITIONS FOR AN EXTENSION OF AUTHORISATION

Failure to comply with the following conditions will result in the withdrawal or amendment of the Extension of authorisation under Regulation (EC) No 1107/2009 and may result in other enforcement action, including prosecution.

Adverse effects:

The authorisation holder must immediately notify the Secretary of State, the Scottish Ministers and the Department of Agriculture, Environment and Rural Affairs in Northern Ireland (care of the Health and Safety Executive), if they have any new information on the potentially adverse effects of the authorised product, or of residues of an active substance in that product when used in accordance with the conditions of this Extension of authorisation. For those products authorised under Regulation (EC) No 1107/2009 authorisation holders must also tell the other relevant competent authorities of the EC Member States (a list of which is available from the Health and Safety Executive) and the EC Commission. Failure to comply with this requirement is an offence.

Provision of information:

The authorisation holder must comply with all requests for information required by, or on behalf of, the Secretary of State, the Scottish Ministers or the Department of Agriculture, Environment and Rural Affairs in Northern Ireland in accordance with Regulation (EC) No 1107/2009.
